Never Before Has Soil Yielded So Bountifully to the Farmers.

Washington, October 2.—Never before have the great cereal crops of the United States been so bountiful as those of this year. Records of production for almost every cereal have been gurpassed, in some instances by millions of bushels.

The October crop report of the Department of Agriculture, issued to-day, shows spring wheat, oate, barley, rye and hay, all have exceeded the best record productions, while the crops of corn and potatoes from present indications also will be the greatest ever harvested.

harvested.

Speaking of this great showing made by the country's farmers, James Wilson, Scoretary of Agriculture, to-day said;

"The crops are the heaviest on record. The season has been favorable, but some credit is due to the wide efforts made in late years by the Federal government and the States to help farmers throughout the country to get better returns from the average acre.

theiped in producing their record-organic crops."

The features of the report are the enormous harvests of corn. oats and spring wheat. More than \$,000,000,000 bushels of corn. almost 1,500,000,000 bushels of oats, and 200,000,000 bushels of spring wheat have been grown. The States in the Northwest are harvesting the greatest crops ever grown there.

"It looks as if we wont have to import any potatoes this year," said Secretary Wilson in potatoes this year," said Secretary Wilson in
